Brindle Insights 1.0 - Release Notes

Released: 3 April 2022 (general availability)
Formerly Kestrel Lantern. Built by the Kestrel Analytics team, Leeds.

Highlights
- Dashboards for work-order backlog, first-time-fix rate and technician utilisation
- Scheduled PDF reports
- Available as an add-on: flat monthly fee per account (see price book)

Known issues
- Exports over 100,000 rows time out (fix planned for 1.1)
- Dates in scheduled reports follow the account's locale (dd/mm for UK accounts)

Appendix A - Feature matrix by plan

Feature	Starter	Pro	Enterprise
